Rockfon Canva®

Sounds Beautiful

Introducing the Rockfon Canva® family

Some spaces are made for conversation and connection, while others offer quiet for focus and reflection. Whether for brainstorming, deep focus, collaboration, or relaxation, indoor spaces need to support different needs at different times.

Flexibility and adaptability are key – adjusting to the number of people, their activities, and ensuring an environment that enhances well-being.

With our acoustic solutions and the Rockfon Canva® portfolio, you can achieve both flawless acoustics and beautiful aesthetics – creating spaces that work for everyone.

Acoustic solutions with flexibility and style

For over 60 years, we've been perfecting acoustic solutions that enhance well-being in any space. With Rockfon, you get a versatile range of products designed to bring your vision to life.

Personalised designs and easy to change

Rockfon Canva® lets you create a fully customised acoustic solution. Choose the size, colour, or artwork to match the mood, function, or brand of your space. Need a refresh? The textile canvas is detachable, machine washable, and easy to clean with dusting, vacuuming, or antibacterial wipes.

Superior acoustics with a durable stone wool core

• Exceptional sound absorption – Class A-rated to support focus, calm, and productivity
• Fire safety – Non-combustible with B-s1,d0 certification
• Low emissions – Documented safety across the entire Canva range

Easy installation & local support

Our products are easy to install, with everything you need right in the box. If you have any questions, our local customer service team is ready to assist.

A circular mindset

Made from stone wool, Canva is designed with circularity in mind. It's durable, repairable, and upgradeable – keeping quality high while reducing environmental impact. At the end of its life, it's easily disassembled and each component recyclable.
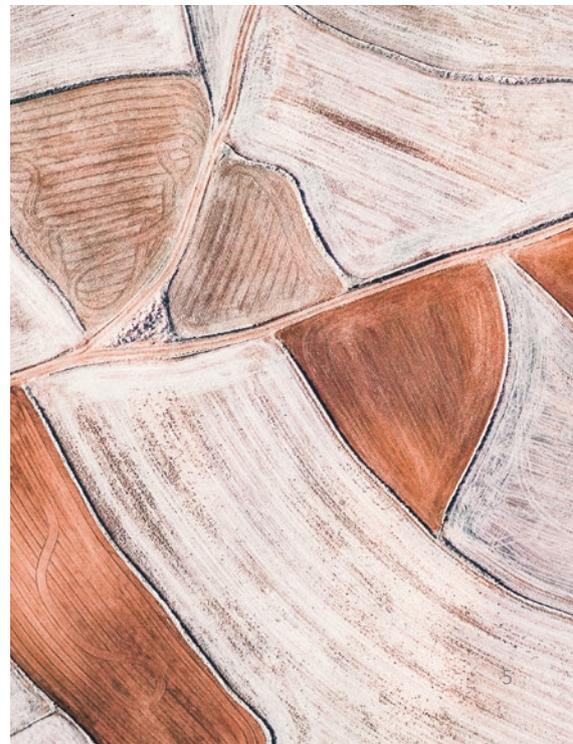

Ultimate design freedom

Choose to work with any of our 34 colours of Wellbeing, curated by colour experts, or graphics of your choice to suit the mood, function, or brand of any space.
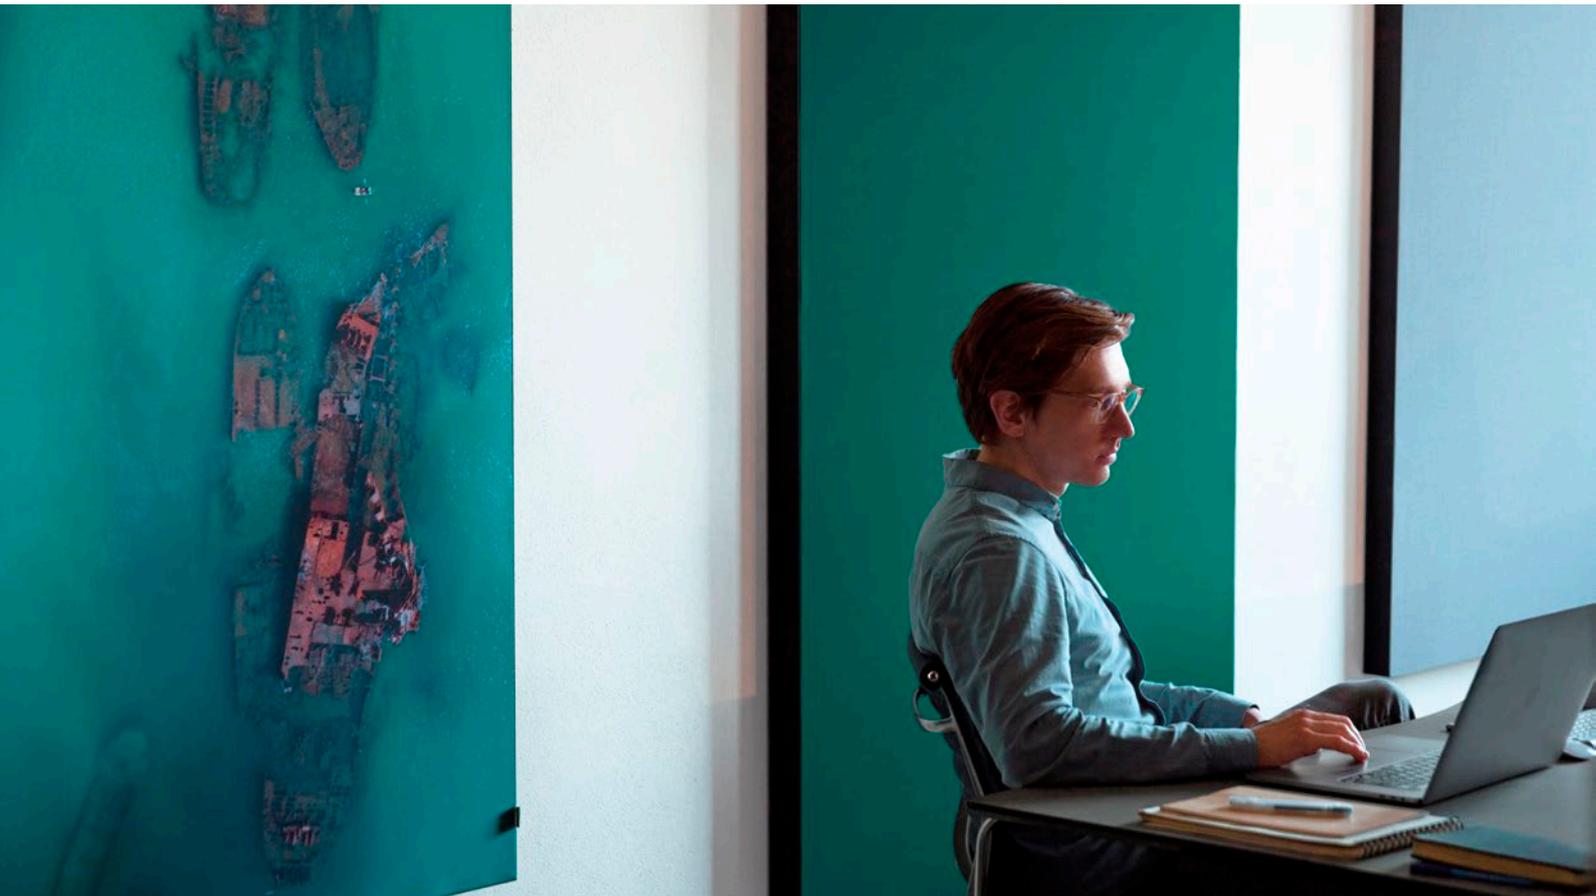

A highly competitive, certified product

Built with a strong stone wool core, a sleek aluminium frame, and 100% recycled polyester canvas, this design combines exceptional durability with timeless aesthetic appeal.
